## RETURNS, REFUNDS AND REPLACEMENTS

We hope you are happy with your purchase from Evotech Performance. However, if you wish to return or replace a product, then please carefully read the information and follow the instructions below before sending back your item.

If, within 30 days, you wish to return a product that is not faulty, we will be happy to accept it back, providing that it is undamaged and in a re-sellable condition. You will have to pay the return postage and we will discount your refund by a 10% re-packaging and re-stocking fee. We will not refund the original postage.

If the product is faulty, or the wrong part, or any other reason that is our fault, we will also refund the return postage costs. In either event, please ask for advice when you wish to return anything by calling 0800 634 2801 or by emailing [sales@evotech-performance.com](mailto:sales@evotech-performance.com), we will advise the best method of returning it. If a product should develop a fault after 30 days, please contact us to discuss. Please let us know why you wish to return the product. If you are returning faulty goods, you are entitled to a refund or a replacement part. Please indicate which you prefer.

Please ensure that the goods are packed securely, and include all of the original parts, using the original packaging where possible. If necessary place in suitable extra packaging to protect the goods whilst in transit to us. Please make sure that you obtain and retain Proof of Posting Certificate from the Post Office when you return your goods. This is to protect you in the event that your goods are lost in transit; they remain your responsibility until they reach us.

**Returns Address:** Evotech Performance, Beechings Way, Alford, Lincolnshire, LN13 9JE, United Kingdom

## STANDARD CONDITIONS OF SALE

The catalogue description and any exhibition of samples are only broad indications of the Products. Drury Precision Engineering Limited may make design changes which do not diminish their performance or visual appeal and supplying them in such state shall conform to the order.

The Buyer acknowledges no representation or warranty (other than as to title) has been given or will apply to the Products other than those in Drury Precision Engineering Limited order or confirmation and the Buyer confirms they have chosen the Products as being of merchantable quality and suitable for its particular purposes.

The Buyer is responsible for ensuring that the warranty on the motorcycle is not affected by the fitting of the products.

On return of any defective products Drury Precision Engineering Limited shall at its discretion either supply a replacement or refund the purchase price but shall not be liable if the Products have been modified or used or maintained otherwise than in accordance with Drury Precision Engineering Limited instructions and good engineering practice or if the defect arises from accident or neglect.

Other than identified above and subject to Drury Precision Engineering Limited not limiting its liability for causing death and personal injury, it shall not be liable for indirect or consequential loss and otherwise its liability shall be limited to the amounts paid by the Buyer for the Products.

These terms do not affect the Buyer's statutory rights. If you require any further information, then please contact us:

## Installation Instructions

### TRIUMPH SPEED TRIPLE 1050 TAIL TIDY

Product Reference – 8958

#### Kit Contents

- 1 x Main bracket
- 1 x Indicator bracket
- 1 x Indicator bracket
- 1 x Sealing plate
- 1 x Reflector
- 1 x Reflector bracket
- 2 x M6 flange nuts
- 2 x M6 x 16 black button head screws
- 4 x M4 x 12 button screws
- 2 x Number plate screws & nuts
- 4 x Bullet connectors (2 male 2 female)
- 6 x Cable ties

## Fitting Instructions

1. Remove pillion seat. Remove main seat. (2 screws).
2. Remove both rear side panels. (5 large button head screws). These panels also have rubber location points.
3. Remove plastic sealing plate located under the rear section of the bike. Removing this plate will expose 4 four bolts that hold the fender in place.
4. Disconnect the indicators and the number plate light.
5. Remove the 4 screws that secure the fender into position. Located under the rear section of the bike.

6. Remove the remaining rear panel from the bike for better access. This is held into position by plastic push pins located under the rear end of the bike.

7. Remove the rear brake light 2 x bolts.

8. Pre-assemble the tail tidy (see diagram). This is the point when you need to select the indicator mounting bracket (standard or mini).

9. Transfer the indicators to the new tail tidy. Secure into position using 2 x M6 x 16 black button head screws and flange nut.

10. Secure wires with cable ties. Assemble tail tidy to the bike using the original 4 x mounting bolts.

11. Cut the original connector off the number plate light 100mm from the end. Then join the original connector to the new rear light using the bullet connectors provided. Re-connect indicators.

12. Tidy wiring using cable ties provided. Then fit the sealing plate using 2 x M4 button head screws. (see diagram).

13. Re-fit rear brake light. Then the plastics is this order 1 2 3. Fit the original plastic sealing plate.

14. Refit front seat then rear seat.
